

Business Interruption Cost Calculator

The Business Interruption Cost Calculator (BICC) is a free, easy-to-use tool, to help determine the correct sum insured and indemnity period for business interruption insurance.

Ensure your business is adequately protected should the worst happen.

Why use the Business Interruption Cost Calculator?

The BICC helps minimise the risk of under-insuring your business, placing your business in the best possible position to recover from a loss should it occur. With under-insurance being one of the leading causes of business failure after even the smallest loss. It is easy to see just how crucial it is to get this important insurance right.

The key features

- Easy-to-use, step-by-step guide, walks you through the process of setting an accurate sum insured for this vital class of insurance.
- The 'coaches comments' complement each question providing helpful tips and guidance to assist you with the process.
- The email link feature allows you to pass the calculator to your financial advisor to be completed by them.
- Learn all there is to know about this important class of insurance with the free online training tool, answering frequently asked questions about business interruption.

The key benefits of the Business Interruption Cost Calculator

- Helps provide you with the peace of mind that your business is adequately covered should the worst happen.
- Reduces the complexity at claim time by providing a clearly documented calculation outlining the cover and calculation.
